ORGANIZATION PROFILE

Help My Neighbor Society is a Non for Profit Organization in BC Canada, federally registered in 2014.

Our goal as an organization is to bridge and enrich the lives of youth and young adults as well as senior citizens by pairing them together for mentoring.

Legacy Grandparents Youth Mentoring Program provides a rich experience for not only the youth but the entire family. Our Volunteer mentors provide stability, a wealth of experience, friendships, endless amounts of caring and a relationship that makes lasting lifetime differences.

CAMPAGIN

WHAT WE DO

The Mask & Learn Campaign is a local fundraiser to help maintain safety and well being in schools around our community.

We will be gathering volunteers to help make masks and donate them to K-12 schools and colleges in the start of fall, in order to help the education system keep their students safe during the pandemic.

WHAT WE NEED

We're looking for title, corporate and media sponsors to fund our campaign and receive acknowledgement through our media promotions and community events.

All sponsored funds will go towards helping our volunteers with materials to make masks. Our masks are reusable and washable, 100% cotton fabric, with a pocket where students can insert a HEPA filter

Legacy Grandparents Youth Mentoring would like to thank you for supporting the youth of today. Together, our organization and your business can make positive change.
